## SKILLS

- UI/UX
- React
- Responsive Design
- Proficient in HTML, CSS and JavaScript
- MySQL
- Experience in Back-End
- C++

As an undergraduate student of Computer Science, I'm deeply passionate about front-end development and have substantial experience in HTML, CSS, and JavaScript. I bring hands-on experience in technologies such as React, UX/UI design, and MySQL, along with expertise in creating responsive web designs. Beyond front-end proficiency, I have Embarked into the realm of backend development, gaining valuable hands-on experience with MySQL. My commitment to ongoing learning and my passion for technology drive me to explore diverse aspects of the field, making me an adaptable and versatile candidate. I'm eager to harness these skills, driven by an insatiable appetite for learning, to deliver impactful contributions within the dynamism of a collaborative team.
